QATAR PETROLEUM

Business Objectives

- › Enhance Qatar Petroleum's Training repository by providing a comprehensive set of eLearning courses on a state of art platform
- › Support QP Professional training team in assigning courses to learning needs for QP staff
- › Deliver and lead awareness of the eLearning program for QP staff

malomatia's Role

- › malomatia to deliver to 700 QP staff over 100 eLearning course on via the Internet. Content identified jointly based on QP training needs. Phase 1 would include a stand alone system. Phase 2 would include integration with QP's HR systems.
- › Content to be scalable to be assessed across QP facilities.
- › Provide dedicated support for the QP staff and training department

Results Achieved

- › Secure cost benefits to QP staff by delivery of learning to plant/offshore staffs who otherwise would incur travel, work opportunity cost.
- › Reliable standardized materials across locations.
