# APPLICATION SERVICES

ERP-Qatar Satellite Company / ES'HAILSAT

Es'hailSat ساهيل سات  
Qatar Satellite Company الشركة القطرية للأقمار الصناعية

## Business Objectives

**malomatia is working with Es'hailSat since Sept 2012 in order to achieve the following agreed goals of implementing the enterprise resources planning system:**

- › Achieve a consolidated system for finance, human resources and procurement departments
- › Implement a fully integrated application system that will ensure fast deployment.
- › Generate all needed reports that helps decision making
- › Streamline processes within Es'hailSat to enhance efficiency

## malomatia's Role

**malomatia is working to implement the below business areas in order to achieve below objectives:**

- › Finance: general ledger and budget, account payable, account receivables, fixed assets and cash management
- › Procurement: purchasing and inventory
- › Human Capital: core human resources, payroll and self-services
- › Reporting: For all tracks
- › Post implementation support: on-site support ready for going live

## Results Achieved

**malomatia has started the Enterprise Resource Planning implementation of Es'hailSat ERP project in Sep 2012 and it went to go live in May 2013; achieving the following:**

- › Consolidate all related Es'hailSat human resources data in one place with the simple accessibility
- › Consolidate all Es'hailSat financial sub ledgers into a consolidated general ledger.
- › Improve corporate governance and transparency by providing broader support of accounting standards, federal regulations, and improved administration of internal controls
- › Automate the approval cycle for purchasing, invoices and receiving
- › Automate employee self-service through Enterprise Resource Planning system.
