eLEARNING

WASEL - MINISTRY OF INTERIOR

Business Objectives

- › To improve the capabilities of MOI employees through an alternative training method in an effort to develop and modernize its work mechanism.
- › To provide an online solutions that would be scalable and secure.

malomatia's Role

- › Develop and implement a Learning Management Solutions for 5,000 MOI staff to access and learn online in the first year.
- › Create bespoke content to address MOI requirement
- › Integrate bespoke content, language content and off the shelf content on a single platform.
- › Develop assessment mechanisms to evaluate staff progress and achievements over the learning program duration

Results Achieved

- › Provision of next-generation learning management platform for 5,000 users and scalable to over 30,000 upcoming users that would:
 - Standardized, easy-to-use learning content and access via Internet for MOI staff.
 - Centralized reporting to MOI HR directorate on learning progress and activity of all enrolled staff.
 - Avoid dispersed stand alone solutions and have a central learning platform to address MOI learning requirements.
